VANDERSANDEN

ПРАЙС-ЛИСТ

PRO 2020

Уважаемый клиент,

За последний год в Vandersanden Group было много изменений. В 2017 году наша команда была занята интегрированием в нашу систему продаж 4 кирпичных заводов:

***Bylandt, Tolkamer (NL):** производители брусчатки

***Joosten, Kessel (NL):** производители экструдированных кирпичей и брусчатки

***Facade Beek (NL):** производители кирпича ручной формовки

***AKA, Oberlausitz (DE):** производители клинкерного кирпича и клинкера для мощения.

Это привело к значительному увеличению разнообразия нашего лицевого кирпича.

Вы уже были знакомы с Vandersanden Group в качестве специалиста по кирпичу ручной формовки с различными поверхностями. С 2018 года мы предложим еще больший ассортимент: широкий спектр экструдированных кирпичей и клинкерных.

Таким образом Vandersanden Group стали производителем кирпича №1 в Море.

Чтобы максимально интегрировать эти изменения в наш ассортимент, мы дали нашему прайс-листу совершенно новый вид. Кирпичи перечислены в алфавитном порядке, и каждый цвет указывает, какие размеры доступны, в производстве или по запросу. В прайс входит вся полезная информация, упаковка, вес, единицы на упаковку и м².

Если цвет отображается зеленым цветом, то это означает, что Vandersanden может изготовить этот цвет более узким, более экологичным размером в 7 см. Хотя по запросу вы можете выбрать один из 21/7/4 и 21/7/5.

Но что, если вы не можете найти цвет в списке, или если вам нужен цвет в размере, который не указан? Пожалуйста, не стесняйтесь, обращаться к нам, вместе мы можем обсудить, какие дополнительные варианты могут быть возможны.

Если у вас возникнут дополнительные вопросы или комментарии, пожалуйста, не стесняйтесь обращаться к сотрудникам. Вы найдете их контактные данные в конце этого прайс-листа.

С уважением,
команда Vandersanden Group
